## Amalthea

[from a homonymous word meaning **to nourish**]

was the wet-nurse of the god Zeus.

**Amalthea** appeared as a goat, from whose horn Zeus was fed with **milk and honey**

## horn of Amalthea

In ancient Greek times, many gods were depicted holding the horn of Amalthea.

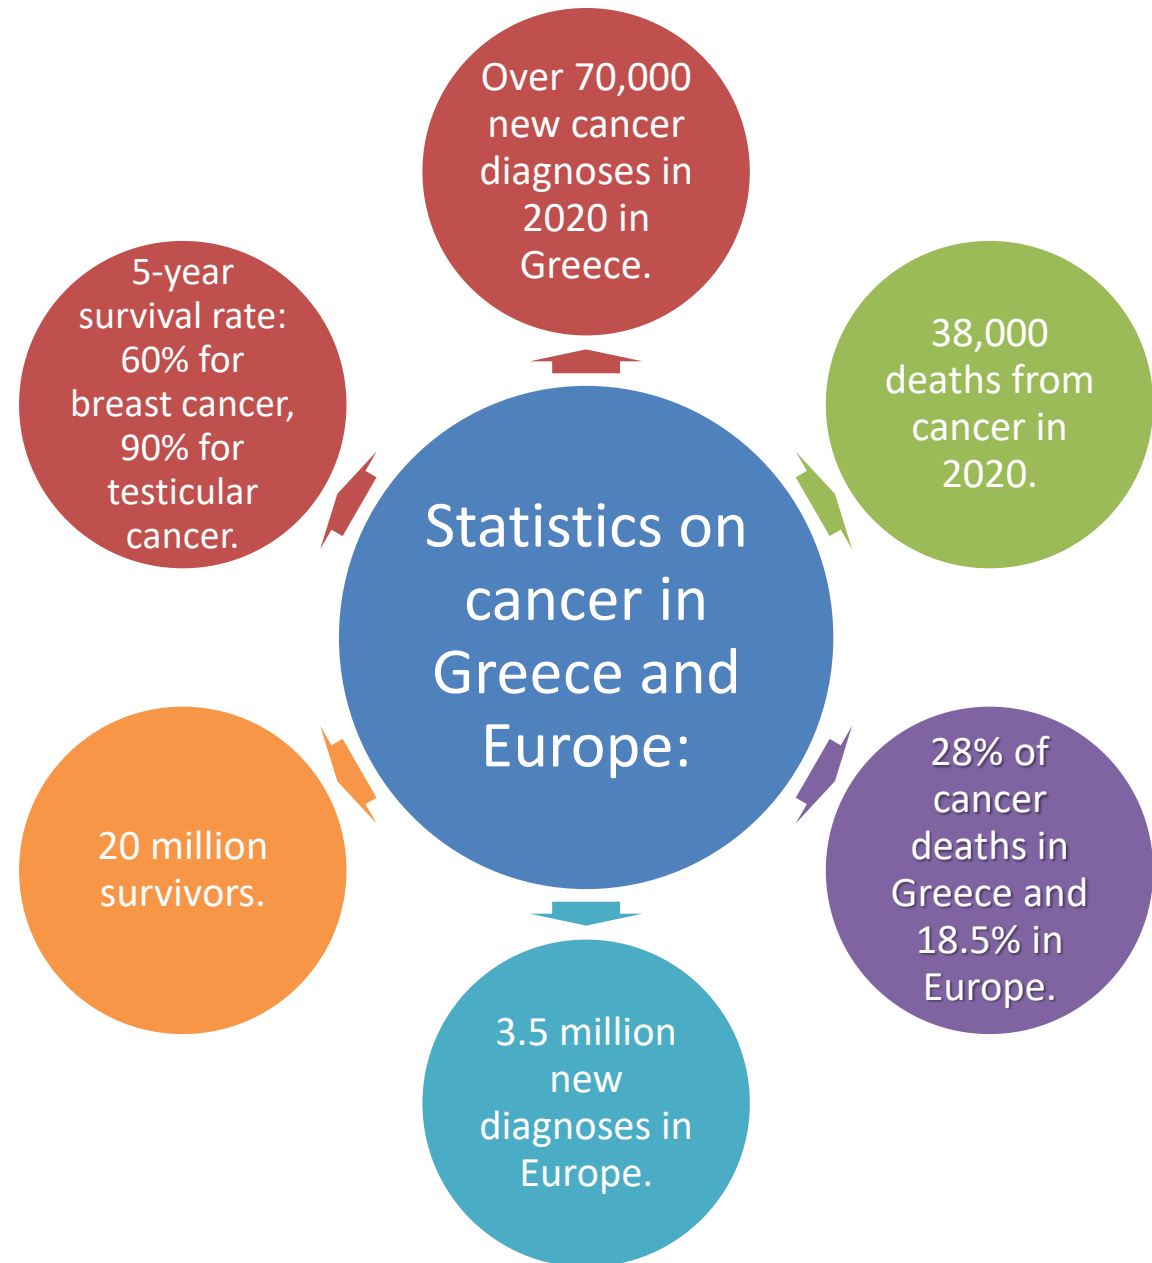

This signal, therefore, symbolizes **abundance**, the **plentiness of goods**, and **human prosperity**.

**KEFI's commitment is to offer voluntary and professional services for social, psychological, nutritional, exercise, human support issues and above all strives for the optimal well-being of cancer patients.**

In the fight against cancer,  
the only and certainly effective  
weapon is early diagnosis

# RIGHTS

K.E.F.I.'s volunteers, in pairs, visit the patients under chemotherapy with oncologic and hematologic malignancies, in central specific oncologic hospital, every working day and talk to every single person, looking for their needs and informing them regarding their rights in order to address them.

If they find any difficulties, they can ask our social worker for assistance.

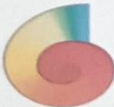

In total, we visit and discuss with more than one hundred and ten (110) cancer and hematological malignancies patients every day.

we do distribute a specific card  
to the people  
all over the community

This is a Strength card.  
I hope it will give you some too!  
You can keep it, if you want.  
You can, however, pass it on to  
someone else, giving them some  
power too.
